---

During the 2009 Guilderland Town election campaign, most of my websites were taken offline. Now that the elections are over, we are slowly placing the sites back online. Guilderland Town Topics is now back online and it offers accurate information on news and events affecting the Guilderland Town Board. The site is moderated by Ken Runion. The site can be found [here](#) and provides Guilderland residents with accurate Guilderland news.

We want to thank the residents and voters of Guilderland for convincingly re-electing all of the Guilderland Democratic candidates in the 2009 Town Election.
